

ULTIMAXX 2900 Performance

Ultimate Technology, Maximum Hygiene

The most powerful and productive cleaning machine on the market.

The all new TASKI ULTIMAXX 2900 offers a new level of modularity, cleaning efficiency and smartness. Customize the machine for the intended cleaning process with the flexible selection of working width and brush decks. All combined with high level technology features like the intuitive touch screen for simple but powerful operation and insight.

The TASKI ULTIMAXX 2900 scrubbers empowers every organization to increase efficiency, costs and cleaning results with measurable productivity and granular insight.

ULTIMAXX 2900 brings you:

Flexible modularity for all applications

Unparalleled hygiene and efficiency

Incomparably efficient water & chemical usage

Excellent water pick up with patented squeegee

Highest air quality via HEPA filtration

Predictive and pro-active maintenance

Ultimate power, ultra-silent in operation

TWISTER function, chemical-free cleaning

Incomparable efficiency for ultimate productivity Highest battery autonomy

The new IntelliScrub feature allows you to dynamically adjust the brush pressure, extending battery operation time by more than 40%. This simple and quick feature is available as standard with all ULTIMAXX walk-behind scrubbers and still delivers better cleaning results than the market average.

Built to last in our cutting-edge Swiss laboratory Ultimate power, silent operation

The TASKI ULTIMAXX range includes, as standard, patented TASKI whisper technology. This unique airflow system guarantees optimized suction and immediate noise absorption. With our unique cutting-edge technology the operation is extremely quiet with 63db(A) and with the eco mode it can reach as low as 60db(A). It is also available with HEPA filtration.

Take back control of your cleaning experience Interactive operational guidance with IntelliTouch

The TASKI multi-touch interface is your window into a world of customization and monitoring that is as powerful as it is intuitive to use. All of which is securely locked behind user based IntelliKey NFC technology, that personalizes machine use and protects it from misuse.

Always cleaning and never out of the game Predictive and remote service capabilities

TASKI ULTIMAXX doesn't just take care of cleaning, it also takes care of itself. Game-changing predictive component management highlights maintenance opportunities, before they disrupt operations. Proactive maintenance creates greater efficiency through minimizing mechanical downtime.

TASKI®

The ULTIMATE
Cleaning Machines™**IntelliTouch**
Touchscreen technology**Aquastop**
Water filling**HEPA filtration H13**
Combined with TASKI
whisper technology**IntelliDose+**
Chemical dosing concentrate and standard**7 Brush Decks**
For every application**EBU**
Electronic brush unit**IntelliKey**
NFC key with admin level**IntelliBac**
Antibacterial materials**IntelliTrail-remote**
Integrated telemetry system**IntelliFlow**
Automatically controlled water distribution**Patented squeegee design**
For excellent water pick up**IntelliScrub**
Brush pressure adjustment is automatic or manual
